“A Healing Journey”

with Henning Bensland & Johanna Lundström

17th – 21st June 2024

This being human is a guest house.
Every morning a new arrival.

A joy, a depression, a meanness,
some momentary awareness comes
as an unexpected visitor.

Welcome and entertain them all!
Even if they're a crowd of sorrows,
who violently sweep your house
empty of its furniture,
still, treat each guest honorably.
He may be clearing you out
for some new delight.

The dark thought, the shame, the malice,
meet them at the door laughing,
and invite them in.

Be grateful for whoever comes,
because each has been sent
as a guide from beyond.

WHO WE ARE

Johanna Lundström

Johanna is one of the co-founders of Cal Reiet and our healer in residence. She has a corporate career behind her developing some of the largest international hotel brands around the world.

Some 15 years ago, living through the shock of the unexpected death of her brother, Johanna embarked on the yogic path – a healing journey that has taken her into deep self-inquiry into the body and breath, and subsequently on to body-oriented psychotherapy.

Johanna found great relief and insight in working through her pain in an embodied way, and when she years later experienced a burn-out it was these practices that once again helped her heal.

Today, Johanna passionately shares her wisdom with individuals and groups to bring about presence and awareness to facilitate change and healing from within. She is a Biodynamic Craniosacral therapist, Compassionate Inquiry practitioner, IFS-informed therapist, Shamanic healer, and Yoga teacher.

Her approach to the healing process is not from a disease diagnosing perspective, but from one of wholeness, knowing that our system has the innate wisdom to heal itself from within when the right conditions are provided.

Henning Bensland

Henning was an active entrepreneur until being diagnosed with MS 17 years ago from where he started his long and challenging healing journey.

Additional he also experienced two earlier depressions that helped him to deeply understand the importance to heal his psyche and to strengthen resilience.
